Pre-Service Dementia Care Training for Direct Care Staff

*Convenient! Both online
and in-person classes.*

August 16, 2018 - 9:00am to 4:00pm

Integrated Services Building

1501-1607 Gekeler Lane, Room #153, La Grande, OR 97850

This class has been approved by Oregon DHS/SOQ and meets the pre-service dementia care training requirements for assisted living, residential care and adult care home direct care staff, as set forth in ORS 443.433, OAR 411-054 and OAR 411-050.

- Learn the dementia disease process and how it affects the brain, including symptoms, progression and stages of the disease.
- Learn techniques for understanding and managing behavioral symptoms, including the importance of reducing antipsychotic medications for non-standard uses.
- Develop strategies for addressing unmet physical, emotional, and social needs of a person living with dementia.
- Practice practical, person-centered approaches to addressing specific aspects of dementia care and ensuring the safety of the person(s) in your care.
 - How to recognize and address pain
 - How to provide food and fluids
 - Strategies to prevent wandering and elopement
- Examine the concept and importance of person-centered care, specifically as it relates to caring for persons living with dementia.

Your voice can help other caregivers by spreading the word!

Chances are you know someone who is caring for an aging adult. Please tell them about Oregon Care Partners free in-person and online classes to give them the opportunity to learn effective ways to deliver care and support to the people in their care. Oregon Care Partners free trainings can help many types of caregivers including:

Family Caregivers

- Seeking information about Alzheimer's & dementia before or after a diagnosis
- Caring for a loved one with challenging behaviors
- Supervising a loved one's care in a long-term care community
- Helping an aging adult with daily activities like shopping, cleaning or paying bills
- Providing part-time or full-time care for a loved one or friend

Professional Caregivers

- Working in:
 - assisted living communities
 - residential care communities
 - nursing homes
 - adult foster care homes
 - memory care communities
 - in-home care
- Working for the state as a case manager, social worker or family caregiver support specialist
- Working as a first responder handling a call involving a person with dementia

Here are some easy ways you and your organization can help "spread the word" about Oregon Care Partners:

Share Oregon Care Partners resource and training information with your community networks, family friends and colleagues.

Talk about Oregon Care Partners with your friends, family and colleagues.

Post on social media about Oregon Care Partners and "Like" our Facebook page.

Thank you!
